

**10th Annual New Jersey Big Data Alliance Symposium**  
***Big Data in Fintech***  
**May 9, 2023**  
**Hosted by Seton Hall University**  
**Where: 400 South Orange Ave, South Orange, NJ 07079**

**Call for Abstracts – Due by March 24, 2023**

The **New Jersey Big Data Alliance (NJBDA)** is an alliance of 18 higher education institutions, as well as industry and government members, that catalyzes collaboration in advanced computing and data analytics research, education and technology.

The **NJBDA Annual Symposium** brings together academia, government and industry from across the state and beyond, to share information on the latest innovations, research and future directions in Big Data. The concept for this year is Big Data and Finance. **We invite academic and industry researchers to submit abstracts of their research for presentation at the symposium.**

**The 2023 Symposium will include academic research sessions with presentations on current applied research in Big Data, AI, and Machine Learning.**

**Other topics of particular interest related to the focus of the symposium are welcome, including, but not limited to: AI and Finance, Blockchain, Crypto & Digital Currencies, NFTs, Big Data Business Intelligence.**

Abstracts should be a **maximum of 650 words** and submitted by **March 25, 2023**. Indicate your name, email, department, university affiliation, title of presentation and track, at the top of the abstract. This information does not count towards the 650-word limit.

**Submit Abstract to:** <https://easychair.org/my/conference?conf=10thannualnjbdatasympo>

Notification of acceptance by **April 14, 2023**

**We look forward to your submissions!**

Selected presentations will be invited to submit papers to The [Journal of Big Data Theory and Practice \(JBDTP\)](#).
